TANK CLEANING MOUNTING ADAPTER

Accessory For Effectively Cleaning Tanker Trucks and Railcars

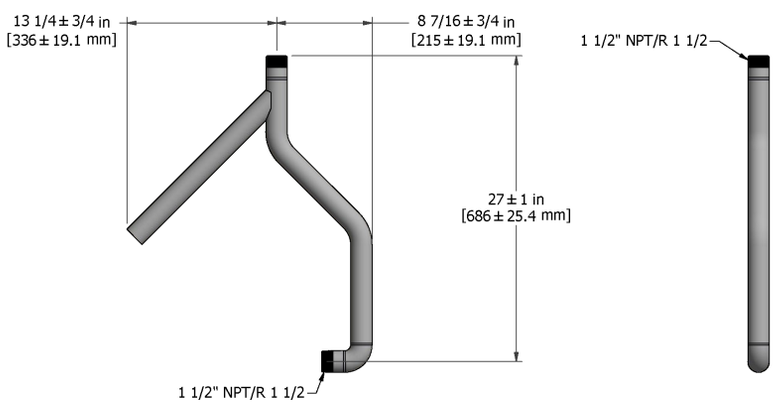

DESIGN FEATURES & ADVANTAGES

- Positions the tank cleaning machine horizontally to optimize the spray pattern's direction, effectively cleaning the bulkheads
- Design protects nozzle from damage upon insertion and removal
- Reduces cleaning cycle times by up to 50%
- Fits HydroWhirl® Orbitor (HWO) tank cleaning machine with 1 ½" FNPT/BSPP connection
- Ensures HWO can provide 360° spray coverage
- Easy to repair and maintain on-site
- Eliminates the need for manual cleaning
- Lightweight 10.7 lbs

Adapter with HydroWhirl Orbitor 2 x 10

Adapter Number 213468: 1 ½" NPT Connection
Adapter Number 213469: 1 ½" BSP Connection

Adapter Weight: 10.7 lbs
Adapter Materials: 316 SS

* For flow rate information refer to HydroWhirl® Orbitor datasheet.

TANK CLEANING

TO ORDER: specify pipe size, connection type, nozzle number, spray angle, and material.
